Representing the University of Houston, our own UH Cougar and their game RobotCraft2 made it to the top 150 teams in the world on the Imagine Cup 2010. The team members were Qin Gu, Xiaohan Ma, Qin Li and Peng Chu Wang. The students use Microsoft's ground-breaking new XNA Game Studio. There were 12 USA teams selected this year and 4 were from the University of Houston. Let's congratulate our teams!
